7.19 The time I am forced to spend is 90-120 minutes per day – 365 days per year downloading and filtering spam.

7.20 I have postponed adding 110 new interested customers to my server, because spamming is out-of-control. The fee paid to me would cover the base cost of Omni's server, but the added work due to spam makes this endeavor too costly.

7.21 I have had to increase my bandwidth capacity from less than 10GB/month to 500GB/month in the past 2 years.

7.22 All of the 200+ reciprocal links I hosted on my web sites between 1996-2003 have been lost due to lack of maintenance of my web site resulting from the above-described burden of dealing with the spam problem.

Facts Specifically Related to Defendants.

9. Attached hereto as **Exhibit "D"** are copies of regulatory complaint(s) that I filed against Insurance Only and/or its agents.

I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct.
